

Surrender Saved My Life

This Beautiful Republic

I have had enough,
buying ashes with my love
I don't need this
I'm pursuing counterfeit
I'm worth so much more than this
I don't need it
I don't need it

Whoa-oh, whoa-oh
My flag is turning white
Whoa-oh, whoa-oh
I need Your hope tonight
For the first time
For the first time
Whoa-oh, whoa-oh
Surrender saved my life

When will all this end?
Must I open up again?
I don't need this
Healing hurts a little more
But I'll be stronger than before
Yeah, I need this
I know I need this

Whoa-oh, whoa-oh
My flag is turning white
Whoa-oh, whoa-oh
I need Your hope tonight
For the first time
For the first time
Whoa-oh, whoa-oh
Surrender saved my life

Keep my eyes focused
You are the long run
Keep my eyes focused
You are the long run
Keep my eyes focused
You are the long run
There's no time for giving up
We'll make it
We'll make it

Whoa-oh, whoa-oh
My flag is turning white
Whoa-oh, whoa-oh
I need Your hope tonight
For the first time
For the first time
Whoa-oh, whoa-oh
Surrender saved my life
It saved my life
