

# Surrender Saved My Life

## This Beautiful Republic

I have had enough,  
buying ashes with my love  
I don't need this  
I'm pursuing counterfeit  
I'm worth so much more than this  
I don't need it  
I don't need it

Whoa-oh, whoa-oh  
My flag is turning white  
Whoa-oh, whoa-oh  
I need Your hope tonight  
For the first time  
For the first time  
Whoa-oh, whoa-oh  
Surrender saved my life

When will all this end?  
Must I open up again?  
I don't need this  
Healing hurts a little more  
But I'll be stronger than before  
Yeah, I need this  
I know I need this

Whoa-oh, whoa-oh  
My flag is turning white  
Whoa-oh, whoa-oh  
I need Your hope tonight  
For the first time  
For the first time  
Whoa-oh, whoa-oh  
Surrender saved my life

Keep my eyes focused  
You are the long run  
Keep my eyes focused  
You are the long run  
Keep my eyes focused  
You are the long run  
There's no time for giving up  
We'll make it  
We'll make it

Whoa-oh, whoa-oh  
My flag is turning white  
Whoa-oh, whoa-oh  
I need Your hope tonight  
For the first time  
For the first time  
Whoa-oh, whoa-oh  
Surrender saved my life  
It saved my life
