

# Deadly Weapon

This Century

I'm breathing in, I'm breathing out  
The black smoke is all around  
And all I see is you and me going down, down, down  
I mean it  
You're in the dark, but so close  
You feel the heat, I can feel the glow  
And everything we had is going down, down, down

I'm at the edge of nowhere  
And nothing you say can bring me down  
I know you're hiding out there  
Somewhere between the lines you will be found

I ain't your foe, I ain't your friend  
You know that I'm a fighter 'till the end  
Don't you know that I'm a deadly weapon  
So take a shot, you'll miss again  
Fire off everything you say  
Don't you know that I'm a deadly weapon

I'm screaming out, I feel you close  
A rebel yell to let you know  
You're breaking down and I'm taking over now, now, now

I'm at the edge of nowhere  
And nothing you say can bring me down  
I know you're hiding out there  
Somewhere between the lines you will be found

I ain't your foe, I ain't your friend  
You know that I'm a fighter 'till the end  
Don't you know that I'm a deadly weapon  
So take a shot, you'll miss again  
Fire off everything you say  
Don't you know that I'm a deadly weapon

Unstoppable, you know I'm gonna find another way  
Unbreakable, you know I'm gonna live another day  
So let me go, I'm a deadly weapon

I ain't your foe, I ain't your friend  
You know that I'm a fighter 'till the end  
Don't you know that I'm a deadly weapon  
So take a shot, you'll miss again  
Fire off everything you say  
Don't you know that I'm a deadly weapon
