

# Slow Dance Night

This Century

Get me up and get me out  
Running in the city with a brand new sound  
They got it figured out  
Burning up in smoke, talking slow as they spin around

Your mind is drowning in the blood red wine  
Intoxicated with the violet lights  
Meet me in the middle of a crowded line tonight

Cause it's a slow dance night  
Everybody out there wasting time  
It's a slow dance night  
Everybody out there, Everybody out there  
Ooh ooooh ooh ooh ooooh ooh  
Everybody out there wasting time  
Ooh ooooh ooh ooh ooooh ooh  
Everybody out there, Everybody out there

Come on and let it out  
Loosen up the collar on the night you found  
Let's take it underground  
Nevermind the world on the outside is shutting down

Your mind is drowning in the blood red wine  
Intoxicated with the noise inside  
Meet me in the middle of a crowded line tonight

Cause it's a slow dance night  
Everybody out there wasting time  
It's a slow dance night  
Everybody out there, Everybody out there  
Ooh ooooh ooh ooh ooooh ooh  
Everybody out there wasting time  
Ooh ooooh ooh ooh ooooh ooh  
Everybody out there, Everybody out there

Ooh ooooh ooh ooh ooooh ooh

Cause it's a slow dance night  
Everybody out there wasting time  
It's a slow dance night  
Everybody out there, Everybody out there  
Ooh ooooh ooh ooh ooooh ooh  
Everybody out there wasting time  
Ooh ooooh ooh ooh ooooh ooh  
Everybody out there, Everybody out there

Cause it's a slow dance night
