

What Are We

This Century

Turn The City On
I've Come To Meet You
Show Me It Before
I Can't Remember You

When It's Late
Will You Mind Waiting Here
Making Up Lost Time

When It's Late
Will You Mind Waiting Here
Make It Back Together

Carry All Connections
That Were Made
As We Brace For Long
Second Chance

I Was Out Of Fear That
The Feeling Really Isn't There
I Tried To Speak
But You Won't Listen
How Do We Make It Work

Turn The City On
I've Come To Meet You
Show Me It Before
I Can't Remember You

When It's Late
Will You Mind Waiting Here
Making Up Lost Time

When It's Late
Will You Mind Waiting Here
Make It Back Together

She Stutters After
Every Single Word
Now It's Starting All Over

I Began To Question
What The Wait Was For
And During Imperfections
Never Seem To Last Forever

What Are We
Oh, Oh, Oh
What Are We

What Are We
Oh, Oh, Oh
What Are We

Turn The City On
I've Come To Meet You
Turn The City On

I've Come

When It's Late
Will You Mind Waiting Here
Making Up Lost Time

When It's Late
Will You Mind Waiting Here
Make It Back Together
Together
