

Wreck Your Life

This Is Hell

Brandon put it best when he told me "This is hell."
Wiser words have never been said
Minus kess and cain I'm fucking dead
I'm a fucking trainwreck
I'm a bloody mess
I hate this distance, I hate this stress
These days I find myself sleeping just to pass the time
And I find myself working to make sure I'm still alive
I'm a fucking trainwreck
I'm a bloody mess
I hate this distance, I hate this stress...
