

A Damn Moment

This or the Apocalypse

I wrote our families' name before the Atlantic sea
I'm giving up, I'm giving up
The water rose and it just took it all away from me
I'm giving up, I'm giving up

You'll never get back to shore if you don't know who
you are
I keep sailing off to find myself and coming back short

I can't believe we were just made to fade away
So don't you go without a fight for me
Do it for me, do it for me
We feel so old, yeah, we feel so useless
Just work horses kept
These are not our faces
But look at your body
You still could race this
I see you there and it's killing me

Stranded in the water but I made it
I'm giving up, I'm giving up
Day in and day out
Wait for a way out
This is our family crest
Day in and day out
Fight till you bleed out
That's how we fucking give up

This is our family
and they don't belong here
But we're still a kingdom
And we don't turn our backs
no matter how much it hurts
Cause I know what it's like
I know what it's like to give up
