

Hate The Ones You Love

This or the Apocalypse

You don't know me
Only my constant search for meaning
And I'm not done writing my words in the sand
don't trust a lot of them
Why keep the blame yourself when you can spread it
around?
I only wanted to help
That's why you shoved me out
Why live your life with open eyes
When you can see your own turn?
Why make amends a thousand times
When you can watch the world burn?
If you can't get up and walk away from me
You're gonna drown too
Because you wouldn't fight to get it back
And I would

The thrill isn't just gone, it's dead
And the dream is lying with it too
I want to see my face in the picture
Without wondering who it belongs to
Don't worry if I said I hate you
it will never come close to my hate for myself

No one can

Because people are vile and arrogant
They're disgusting
They ruin the only world they have
But I will not keep letting it hold me back
So don't you wait for me cause I'm gone
I'll lay my head where I want
So I'll never have to waste my time
If you can't get up and walk away from me

We are brothers

Brothers.
