

My Side Of Town

This Time Next Year

I can't apologize for everything I did at 25,
But suffice it to say, it's the same,
And I can't reason why 24 years have passed me by,
But sometimes I say that's the breaks
16 or just 26, this is my day today

Never going to leave a place like this,
Never going to be another place like this,
Somebody saves wretched me (wretched me!),
Life's the same as yesterday,
Life's the same today

We used to be so sad,
living on a whim and breaking bad,
bad habits that took time from me,
And we're not made of glass,
I'll tell you everything it is to be this mad,
But take it from me, I am free.

16 or just 26, (oh, oh, oh) this is my day today

Never going to leave a place like this,
Never going to be another place like this,
Somebody saves wretched me (wretched me!),
Life's the same as yesterday,
Life's the same today

Throw everything that you've got at me
Yeah, take a shot!
Tell me, what are you waiting for?
(2x)

Never going to leave a place like this,
Never going to be another place like this,
Somebody saves wretched me (wretched me!),
Life's the same as yesterday,
Life's the same today
(never going to leave a place like this!)
Life's the same as yesterday
(never going to be another place like this!)
Life's the same today
