

Hedgehog

Thom Artway

Hunts me down to the harbour
Where I would like to sail from
And never return
She...
Swims to me
I'm throwing a life...
Lifebuoy

I told you I'm crazy
I told you I'm done
I'm always really busy, when you're lying on the ground
And nobody's around

'Cause you're not scared of my thorns
More durable than titanium bones
And as sharp as nails

She likes to cuddle with hedgehogs
She likes to cuddle with hedgehogs
She likes to cuddle with hedgehogs
She likes to cuddle with...me
