

I Have No Inspiration

Thom Artway

I am young lost man
I have no inspiration now
To write a song
So I took my snack
And I'm running to the forest
Like I do every time

Deeper in the forest
Has been living my old friend
Dressed like a wizard
Carying about all his friends
Foxes, bears and mice
He's been living a fairytale life

Ooo
I have no inspiration now
Ooo because
I have no inspiration now
So I'm sitting on my bed
And writing a song about nothing at all

Cars, tons of gadgets, wifi
Still there is time to leave this all behind
Or just wait until the mirror tells you
That you used to be young
Don't be scared to give a way
Watching squarrels when nuts
Are falling on their heads
instead of scrolling
Facebook wall scrolling scrolling...

Then I touched the highest tree
Remembered all bad memories
Do you want me to cry
Do you want me to sing about love... again

I am a young lost man
I have no inspiration now
To write a song
So I took my snack
And I'm running to the forest
Like I do every time

Wooah
I have no inspiration now
Ooo because
I have no inspiration now
Ooo because
I have no inspiration now
Ooo because
I have no inspiration now

So I'm sitting on my bed
And writing a song about nothing at all
