

You Might Be in Heaven

Thom Artway

Love's on my mind, I pray
For those whose souls are away
You know what it takes to feel love
God knows that I pray for those above

'Coz I've been told that you might be in heaven
For what you've done you're dad to me
'Coz I've been told that you might be in heaven
For what you've done you're dad to me

Love's on my mind today
People surrounding me can stay
You know what it takes to feel love
God knows that I pray for those I love

'Coz I've been told that you might be in heaven
For what you've done you're dad to me
'Coz I've been told that you might be in heaven
For what you've done you're dad to me
