No more going to the dark side with your flying saucer eyes No more falling down a wormhole that I have to pull you out

The wriggling, squiggling worm inside Devours from the inside out

No more talk about the old days It's time for something great

I want you to get out And make it work

So many lies
So many lies
So many lies
So feel the love come off of them
And take me in your arms

Peel all of your layers off
I want to eat your artichoke heart

No more leaky holes in your brain And no false starts

I wanna get out And make it work

So many lies
So many lies
So many lies
So feel the love come off of them
And take me in your arms

I wanna get out And make it work

I want you to get out And make it work

I'll be ok

So many lies
So many lies
So many lies
So feel the love come off of them
And take me in your arms
