

# Army Of Love

Thomas Anders

They're the few  
on a mission for love.  
They're the proud,  
they were sent from above  
I'm alone  
in the danger zone  
Rescue me,  
taking down the enemy

High heeled soldiers  
march in lingerie  
It's the army of love  
6 food angels  
got their wings today  
It's the army of love

It's the army of love

Strike a pose  
girls get ready for their drill  
They're unarmed,  
but got looks that could kill  
Cause they know  
love is a battlefield  
Rescue me,  
taking down the enemy

High heeled soldiers  
march in lingerie  
It's the army of love  
6 food angels  
got their wings today  
It's the army of love

I can't resist,  
go enlist  
to the army of love  
I can't resist,  
it's the army  
the army of love

High heeled soldiers  
march in lingerie  
It's the army of love  
6 food angels  
got their wings today  
It's the army of love

High heeled soldiers  
march in lingerie  
it's the army of love  
6 food angels  
got their wings today  
it's the army of love

It's the army of love
