

# How Deep Is Your Love

Thomas Anders

You make the morning and you make the night  
You can make darkness turn into light  
How deep is your love, is it love  
Whatever you needed, I gave you the best  
But you left me bleedin', takin' the rest of me  
Is your love, is it love, is it love

How deep is your love, is it deeper than the blue blue  
sea  
Tell me how deep is your love, my friend  
Makin' me believe, how deep is your love  
Is it deeper than the blue blue sea  
Tell me how deep is your love, my friend  
Makin' me believe

When I remember the time we had  
Feelin' so easy, never forget that night  
Was your love, was it love, was it love

How deep is your love, is it deeper than the blue blue  
sea  
Tell me how deep is your love, my friend  
Makin' me believe, how deep is your love  
Is it deeper than the blue blue sea  
Tell me how deep is your love, my friend  
Makin' me believe

Tell me how deep is your love, deeper than the blue  
blue sea  
How deep is your love
