

# Hungry Hearts

Thomas Anders

Love is like a stream  
For ever to continue  
I try to read your mind  
But I can't find the truth  
I know I'm breaking down  
I'm falling off a mountain  
I wanted to believe  
In you

Hold me now  
Please, hold me just one more time  
I'll stay with you  
For one more night

Hungry hearts  
Are making promises  
But they don't believe  
In what they're saying  
So, love me now  
And give me one last kiss  
Now my precious queen  
Our love is over

I wish I could explain  
This way that I am feeling  
Like an unknown man  
I'm in the nameless crowd  
I'm walking through my life  
Alone in endless circles  
I try to ran away  
From here

Oh-oh-oh hungry hearts  
Hungry hearts  
Are making promises  
But they don't believe  
In what they're saying  
So, love me now  
And give me one last kiss  
Now my precious queen  
Our love is over...
