

Mr Moon

Thomas Anders

Caught in a circle
Around and around
A fatal attraction
Is calling us out

I'm on a mountain-
-you're on the sea
Whenever I wake up
you'll be asleep
I say black-
-you say white
We're just like hello and goodbye

And it breaks my heart
We are worlds apart
You're like the sun
There ain't no me and you
I'm Mr Moon
I'm Mr Moon

Throw me a lifeline
I'm going insane
Whenever I reach out
You're slipping away

I'm on a mountain-
-you're on the sea
Whenever I wake up
you'll be asleep
I say black-
-you say white
We're just like hello and goodbye

And it breaks my heart
We are worlds apart
You're like the sun
There ain't no me and you
I'm Mr Moon
I'm Mr Moon

It's a bitter sweet affection
Seems our love has been in vain
Like an endless chain reaction
Seems we love this losing game
Miles away, miles away
You're miles away
Night and day

I'm Mr Moon
I'm missing you
I'm Mr Moon
I'm missing you
