

My Angel

Thomas Anders

Every moment
Every movement
Can't be sweeter
Touch you deeper

Hold you breath
Let us go -
God will bless

Maybe time is running
We are longing
Keep on trying
Love undying
All is gone
All is done

My lonely Angel
Good-bye!
My Angel, my Angel
Good-bye baby, good-bye
My lonely
Good-bye baby, good-bye
My lonely
Leave me tonight
We say good-bye

Take me closer
Hold you tender
Let me be your
Sweet surrender
Hold you breath
Let us go -
God will bless

Maybe
I just feel, oh I will miss you
Have me face that I will let go
All is gone
All is done

My lonely Angel
Good-bye!
My Angel, my Angel
Good-bye baby, good-bye
My lonely
Good-bye baby, good-bye
My lonely
Leave me tonight
We say good-bye
