

# Never Knew Love Like This Before

Thomas Anders

As we cuddle by the fire  
And lying on the floor  
I never realized  
That I won't be lonely nevermore  
Since you came into my life  
Oh, baby

I never knew love like this before  
Now I'm lonely nevermore  
Since you came into my life

You are my lovelight this I know  
And I'll never let you go  
You're my all, you're part of me

Once I was lost and now I'm found  
Then you turned my world around  
When I need, I call your name

'Cause I never knew love like this before  
Open your eyes  
'Cause I never knew love like this before  
What a surprise  
'Cause I never knew love like this before  
Never knew love like this before

That your love could ever feel like this  
And you have my heart 'cause of the way you kiss  
That I could feel this good by simply loving you  
I never knew love like this before  
But when I met you it was a dream come true

These feelings so deep inside of me  
Such a tender fantasy  
You're the one I'm living for

You are my sunlight and my rain  
And time could never change  
What we share for evermore
