

# Suddenly

Thomas Anders

I will never look for a simple way  
And i have to bare every single wave  
I have nothing to deplore  
Even nothing to look for  
I need something never felt before  
Baby!

Shake me suddenly  
Take a part of me  
Make me feel  
Something unreal

Make it suddenly  
Oh, inside of me  
Make me glow  
Losing control

Shake me suddenly  
Take a part of me  
Make me feel  
Something unreal

Make it suddenly  
Oh, inside of me  
Make me glow

Baby...

There is no other actor in my play  
You can not let me go or make me stay  
'Cause I don't need all this stuff  
Just a smile to gain your love  
I am star both here and above

Shake me suddenly  
Take a part of me  
Make me feel  
Something unreal

Make it suddenly  
Oh, inside of me  
Make me glow  
Losing control

You may only watch  
Have no right to touch  
I am here, I am close  
Like a thorny rose

You'll become insane  
If I only say  
What you want to do  
Baby!

x2:  
Shake me suddenly  
Take a part of me

Make me feel  
Something unreal

Make it suddenly  
Oh, inside of me  
Make me glow  
Losing control

Baby!

Shake me suddenly  
Take a part of me
