

Summer Of Love

Thomas Anders

All my heart, heart,
heart is filled with sorrow
Cause my love, love,
love will leave tomorrow
Eyo Eyo

You turn around and
I see your face is shining
The summer sun
in our eyes is blinding

But you know the truth,
I'm leaving soon

All my heart, heart,
heart is filled with sorrow
Cause my love, love,
love will leave tomorrow
And wherever I go
I will always be dreaming of
The summer of love,
the summer of love

A secret place
where we can be together
Your warm embrace
can make this last forever
But we know the truth,
you're leaving soon

All my heart, heart,
heart is filled with sorrow
Cause my love, love,
love will leave tomorrow
And wherever I go
I will always be dreaming of
The summer of love,
the summer of love
