

The Sweet Hello, The Sad Goodbye

Thomas Anders

Red like fire was the day I met you
Tell you now - there are no regrets
In this room there are many memories
Some are good, some I try to forget
I thought we were the chosen ones
Who were supposed to fly

We're very much the same you and I
The sweet hello, the sad goodbye
Still waiting to get hurt time after time
Sweet hello, sad goodbye
When love lies in our hands
We seem to run and hide
And I can't help and wonder why
The sweet hello, the sad goodbye

My heart was like a runaway train babe
I don't believe I've ever felt more alive
In this room I hear voices linger
We never talked about the crime
You know you're not the only one
Who knows how to cry

We're very much the same you and I
The sweet hello, the sad goodbye
Still waiting to get hurt time after time
The sweet hello, the sad goodbye
When love lies in our hands
We run away and hide
And I can't help and wonder why
The sweet hello, the sad goodbye

The sweet hello, the sad goodbye
Still waiting to get hurt time after time
Sweet hello, sad goodbye
When love lies in our hands
We seem to run and hide
And I can't help and wonder why
The sweet hello, the sad goodbye

The sweet hello, the sad goodbye
Still waiting to get hurt time after time
Sweet hello, sad goodbye
When love lies in our hands
We seem to run and hide
And I can't help and wonder why
The sweet hello, the sad goodbye
