

This Time

Thomas Anders

Looking back I try to understand, as I'm listening to
the pouring rain
Had it all, somehow it slipped away
It's a story I can't explain
All the love we shared and all the moments we had
You and me are worth much more, I can't let it go
'Cause I miss you

No matter if I'm wrong or if I'm right
Would you take me in your arms and give your heart to
me again
No matter where we've been, I wanna try
I am ready to forgive and give my heart to you again
This time

Since the day I let you walk away, missing you, my
world is not the same
I know I've been a fool, I've made mistakes
But in love there's always two to blame
All the love we shared and all the moments we had
You and me are worth much more, I can't let it go
'Cause I miss you

No matter if I'm wrong or if I'm right
Would you take me in your arms and give your heart to
me again
No matter where we've been, I wanna try
I am ready to forgive and give my heart to you again
This time

I won't let it end this way, the only thing I know for
sure
I don't wanna let us drift apart, oh yeah

No matter if I'm wrong or if I'm right
Would you take me in your arms and give your heart to
me
No matter where we've been, I wanna try
I am ready to forgive and give my heart to you again

No matter if I'm wrong or if I'm right
Would you take me in your arms and give your heart to
me again
No matter where we've been, I wanna try
I am ready to forgive and give my heart to you again
