

Turn On The Light

Thomas Anders

You say you lost your feelings
But that's not true
Oh, you'd better take it easy
To what other lovers do

Turn on the light
Turn on the light for love
Turn on the light
Like a candle in the wind
Turn on the light
Turn on the light for love
Turn on the light
And I'll be back again

Oh, looking on the dancers - the buddies in the night
Can't you see the love in hearts glow? - to feel the
light
Oooh, you'd better take it easy
To what other lovers do

Oooh, you'd better take it easy
To what other lovers do

Turn on the light
Turn on the light
Turn on the light
