

# You Are My Life

Thomas Anders

I'm hoping  
By the time you hear this words  
You'll have a change of heart  
Along the way I love you  
And it's no ordinary want I  
that sends me every time I hear your name

I welcmoe every day  
As precious and brand-new  
No day will go to waste  
Sharing with you

You are my life  
You're all I am  
I cant live without you  
You're the one, who understands  
You are my life  
You're all I am  
My life can be yours again

I'm holding  
All the years we had up to the light  
The falling out we might affair just face  
Believe me  
That just one sentiment tonight, sentiment tonight,  
It's so much more than all fun mistakes  
Mmm, more...  
We can welcome every day  
As precious and brand-new N  
o day will go to waste  
Sharing with you
