

# You Have Rescued me

Thomas Anders

I was alone, living my life, losing my mind  
Wondering why I wasted my time on dreamin'  
Just when I thought I'd had enough, you came on by  
Taking my hand, you lifted me higher  
Give me the strength to survive

You, baby, you have rescued me  
You bring out the best in me  
You are the one I want to fly with  
Love, it is not reality  
It became true fantasy  
And I'll love you for eternity

Walks in the park, laughs in the dark, feeling so high  
Sharing today, who's caring about tomorrow  
Can't get enough kissing and hugs, holding you tight  
New love that burns, mmm sets me on fire  
Bringing my soul back to life

You, baby, you have rescued me  
You bring out the best in me  
You are the one I want to fly with  
Love, it is not reality  
It became true fantasy  
And I'll love you for eternity

You, baby, you have rescued me  
You bring out the best in me  
You are the one I want to fly with  
Love, it is not reality  
It became true fantasy  
And I'll love you for eternity
