

Babe

Thomas Dybdahl

Open the door babe
Cause there's so much more babe
Je t'adore babe

I sure have missed you babe
Don't let yourself fade
Don't sleep away the daylight
(you know I'm still on your side)
Babe

show me your smile babe
Just for a while babe
If only you'd try babe

I sure have missed you babe
Don't let yourself fade
Don't sleep away the daylight
(you know I'm still on your side)
Babe
