

Scared

Thomas Giles

I saw death today,
Waiting games slowly fades,
A final word,
Such a vicious word

Where do we go from here?
Struggle to find sense of this,
I'm here for you,
I'm here for all of you

I'm scared,
You're frightened,
Sit down, please
I'm scared,
You're frightened

To see the saddened face,
Hardest thing ill ever face,
Collapse inside,
Caress outside,
Your painful moan is deafening,
Echoes in my memory,
The years still grow,
We all must grow

I'm scared
You're frightened
Sit down please
I'm scared
You're frightened
Sit down

I'm scared
You're frightened
Sit down please
I'm scared
You're frightened
Sit down please

Sit down please x 2
