

# Call Me Up

Thomas Rhett

When you're sick of the same old songs  
From the same old band on the bar marquee, call me up  
If you're climbin' the walls, baby we could hang, hang, hang  
If you're ridin' around this re-run town  
And you need a little company baby, call me up  
Hit me up, tell ya what, it ain't no thang thang thang

Call me up  
Yeah I'm down if you feel like messin' around  
Whatever you want, shoot, I don't care, you can come over here  
I can come over there  
And pick you up, that's right  
On a sit around Saturday night with nothing to do  
And you just want something to do  
Hey why don't you call me up  
All you gotta do, all ya gotta do, is call me up  
And I'll pick right up

When you're startin' at the same ol ceiling  
And you're watching the fan go 'round and round call me up  
Whatcha waitin' on girl give me a ring, ring, ring  
I'll flip the script, I'll hit the switch  
When that bottle of wine ain't doin' the trick, baby get your fix  
Girl let your lips say my name, name, name

Call me up  
Yeah I'm down if you feel like messin' around  
Whatever you want, shoot, I don't care, you can come over here  
I can come over there  
And pick you up, that's right  
On a sit around Saturday night with nothing to do  
And you just want something to do  
Hey why don't you call me up  
All you gotta do, all ya gotta do, is call me up  
And I'll pick right up

When you're twistin' your hair with your feet up on the couch  
Don't wanna go nowhere or if ya wanna get out  
Call me up

Yeah I'm down if you feel like messin' around  
Whatever you want, shoot, I don't care, you can come over here  
I can come over there  
And pick you up, that's right  
On a sit around Saturday night with nothing to do  
And you just want something to do  
Why don't you call me up  
All you gotta do, all ya gotta do, is call me up  
And say what's up

Get out your phone girl if you're home alone girl  
Don't ya know girl, all you gotta do is call me up  
Yeah, call me up
