Hey, girl, you make me wanna write a song Sit ya down and sing it to you all night long I've had a melody in my head Since you walked in here and knocked me dead Yeah, girl, you make me wanna write a song

And it goes like, oooh
What I wouldn't do
To write my name on your heart
Get to wrapping my arms
Baby, all around you

And it goes like, hey
Girl, I'm blown away
Yeah, it starts with a smile
And it ends with an all night long, slow kiss
Yeah, it goes like this

Hey, girl, you make me wanna drive you home Get you outta here and get you all alone I don't know what it is about you, baby But I'm all messed up, and it might sound crazy But you make me wanna write a song

And it goes like, oooh
What I wouldn't do
To write my name on your heart
Get to wrapping my arms
Baby, all around you

And it goes like, hey
Girl, I'm blown away
Yeah, it starts with a smile
And it ends with an all night long, slow kiss
Yeah, it goes like this

Looking at you looking at me that way Makes wanna grab my old guitar and play

Something like, oooh
What I wouldn't do
To write my name on your heart
Get to wrapping my arms
Baby, all around you

And it goes like, hey
Girl, I'm blown away
Yeah, it starts with a smile
And it ends with an all night long, slow kiss
Yeah, it goes like this

And it goes like, ooh And it goes like, hey And it ends with a kiss Yeah, it goes like this
