

T-Shirt

Thomas Rhett

Get off work and we meet down at our spot
We had a patio with a view of a parking lot
It was two for one and four for two
Had Christmas lights in the middle of June
All hung up like I was on you

I said hey, hey baby, do you wanna come over
You say, "no way" then you move in closer
Next thing I know you were wearing my

T-shirt right there
Your hair messed up like a Guns-N-Roses video
Oh oh so hot
Still got it up in my head
You were moving around in the TV light
I ain't ever seen anything like
Your dress, my floor
The way you wore my T-shirt

We were walking up the stairs
With the neighbors saying "keep it down"
But it's hard to unlock the door
When you're making out
You've been saying that we've gotta quit doin' this
So why you leanin' in for one more kiss
And pretty soon you're sliding off what you've got on
And slippin' into my

T-shirt right there
Your hair messed up like a Guns-N-Roses video
Oh oh so hot
Still got it up in my head
You were moving around in the TV light
I ain't ever seen anything like
Your dress, my floor
The way you wore my T-shirt

I said hey, hey baby, do you wanna come over
You say, "no way" then you move in closer
Next thing I know you were wearing my

T-shirt right there
Your hair messed up like a Guns-N-Roses video
Oh oh so hot
I can see you spinning around in my
T-shirt right there
Your hair messed up like a Guns-N-Roses video
Oh oh so hot
Still got it up in my head
You were moving around in the TV light
I ain't ever seen anything like
Your dress, my floor
The way you wore my t-shirt
