

I Can't Outrun You

Thompson Square

95 down the interstate
Mile high on a jet plane
A desert road or a downtown train
It's all the same, I can't outrun you

I can move to another town
Where nobody'd ask where you are now
LA or Mexico
No matter where I go, I can't outrun you

You're in my heart, you're in my mind
Everywhere ahead, everywhere behind
Every turn I take,
You're right around the bend

It's like your ghost is chasing me
When I'm awake, when I'm asleep
There's a part of you in every part of me
And I can't outrun you
I can't outrun you

I had a chance with a boy or two
But all I ever saw was you
You're holding my hand, kissing my face
I guess some memories never fade

You're in my heart, you're in my mind
Everywhere ahead, everywhere behind
Every turn I take,
You're right around the bend

It's like your ghost is chasing me
When I'm awake, when I'm asleep
There's a part of you in every part of me
And I can't outrun you
I can't outrun you

I thought there just might come a time
I wouldn't regret telling you goodbye
If there was I'll never know
No matter where I go I can't outrun you
