

# One of Those Days

Thompson Square

No cash in my pocket  
No clothes in my closet  
Can't get my hair to do a dang thing  
The damn dogs barkin'  
The car ain't startin'  
Why's it always raining on my parade

Its one of those days  
One of those days  
One of those days  
When nothing goes right  
One of those days  
One of those days  
One of those days  
When your hatin' life  
Its one of those days

He said don't worry about the dishes  
I'm going to take you fishin'  
Kissin' all night down on the creek bank  
A little skinny dippin'  
Some moonshine sippin'  
Come on baby tell me now what do you think

its one of those days  
One of those days  
One of those days  
When everything's right  
One of those days  
One of those days  
One of those days  
When your lovin' life  
Its one of those days

Now we're hopping in the truck  
The radio cranked up  
We can't get there fast enough  
Cause its one of those days  
One of those Days  
One of those days

Its one of those days  
One of those days  
One of those days  
When everything's right  
One of those days  
One of those days  
One of those days  
When your lovin' life  
Its one of those days

Yeah it's one of those days
