

# Groove On

Thompson Twins

When you're all wired up 'cos it's Saturday night  
And nowhere to go; your little fish don't bite  
When all you see when you look around  
Is a ship of fools and a dirty old town

When the ice cream man licks his lips  
And says "I want you" with a clockwise twist  
You better groove on (groove on)  
When your cosmic mind has lost its way  
And you can't even rain on your own parade  
You better groove on

Everybody

When the High Street pirates pull their guns  
And say "What's it gonna be--money or love?"  
When you look in the mirror and no one's there  
No one to save you and the cupboard is bare

When Strawberry Fields don't last forever  
Kiss the sky and never say never  
Better groove on (groove on)  
When love kicks in with a vicious grin  
All or nothing, sink or swim  
You better groove on

Groove on, Groove on  
Groove on  
Groove on, Groove on  
Groove on

When your dog comes on on the television  
And says "You don't know just what you've been missing"  
When you take that trip and the sky falls in  
And you're upside down, but you're still looking in

When the sun comes out and your hopes are high  
And Lucy's back in the diamond sky  
You better groove on (groove on)  
Well, if you're feeling fine, well, I don't mind  
That's what I came all this way to find

Groove on, Groove on  
Groove on  
Groove on, Groove on  
Groove on  
Groove on, Groove on  
Groove on  
Groove on, Groove on  
Groove on  
Groove on, Groove on  
Groove on  
Groove on, Groove on
