

# Love Lies Bleeding

Thompson Twins

Sit and watch the telephone  
Make believe I'm on my own  
Things you said hang in the air  
Two's no fun if one don't care

I've got this feeling that our love lies bleeding  
(I've got this feeling)  
I've got this feeling that our love lies bleeding  
(The sharpest feeling)

I'm hoping that i'm not too late  
Can't afford to hesitate  
Neon signs of strange desires  
Reflect the coldness in your eyes

I've got this feeling that our love lies bleeding  
(I've got this feeling)  
I've got this feeling that our love lies bleeding  
(The sharpest feeling)

Sneakies on the party line  
R.S.V.P.s some other time  
I know she will my silent friend  
Still hurts to know this is the end

I've got this feeling that our love lies bleeding  
(I've got this feeling)  
I've got this feeling that our love lies bleeding  
(The sharpest feeling)

I've got this feeling that our love lies bleeding  
(I've got this feeling)  
I've got this feeling that our love lies bleeding  
(The sharpest feeling)

I've got this feeling that our love lies bleeding  
(I've got this feeling)  
I've got this feeling that our love lies bleeding  
(The sharpest feeling)
