

Storm On The Sea

Thompson Twins

This party is over,
And we, we are alone
And I feel so helpless,
There's nowhere to go, but

To storm on the sea
No stranger to me
Light on the shore
So let the wind blow
Carry me home
Lead me to your door

The room is so quiet
Hush, don't you cry
Daybreak is dawning
Cold in the sky
So don't tell me your name
I can't stay here
Can't a cruel light of morning
Drive me away

To storm on the sea
No stranger to me
Light on the shore
So let the wind blow
Carry me home
Lead me to your door

To storm on the sea
No stranger to me
Light on the shore
So let the wind blow
Carry me home
Lead me to your door

To storm on the sea
No stranger to me
Light on the shore
So let the wind blow
Carry me home
Lead me to your door
