

# The Invisible Man

Thompson Twins

Do you know the meaning of life?  
Can you go beyond the current state of mind?  
Fashions, passions, whims of time  
Can you catch the invisible man?

Poets haven't got a clue  
Dharma bums just beat their drums  
And Zen men say there's just one way

In the center of nothing you will surely feel the thrill  
Invisible
