When I see you it's just like takin' some drug,
Takin' some drug,
Takin' some drug
When I see you it's just like takin' some drug,
Takin' some drug,
Takin' some drug
It's calm a little while
Why can't I stop?
I watch your funny smile
The air is hot

The clock says half past one
Turn on the light
Drink coffee now and then
It's getting late
I listen to the night
You read a book
You ask me questions and away I look
And I say

I know conversation is nothing to you
Get lost in creation is all I can do
All I can do
All I can do
All I can do
All I...

Look at some people
Look at yourself
Why don't you worry about your physical health

Drug...Drug
Drug...Drug
Takin' some,
Drug...Drug
Takin' some,
Drug, Drug
Drug, Drug
Drug, Drug
