

## Actionman

### Those Dancing Days

You are the best guy I could ever ask for  
With you I'll experience sides of life that will never leave me  
It's just we've come to a time where our ways go apart  
Maybe to meet up again probably not

Still I don't lie when I say I love you  
But I'm a girl who needs some action  
You are not my actionman anymore  
Still I don't lie when I say I love you

Don't act like this comes as a shock  
I know you noticed the fact in the corner of your mind  
You told me many times you won't survive without me by your side  
But please don't mistrust

Still I don't lie when I say I love you  
But I'm a girl who needs some action  
You are not my actionman anymore  
Still I don't lie when I say I love you

Soon you'll hook up with the prettiest girl in town  
and when you do I will feel a sting of regret  
'cause the grass is always greener on the other side

Still I don't lie when I say I love you  
But I'm a girl who needs some action  
You are not my actionman anymore  
Still I don't lie when I say I love you

Still I don't lie when I say I love you  
But I'm a girl who needs some action  
You are not my actionman anymore  
Still I don't lie when I say I love you

I wish there were a way back  
But I'm afraid I can't find one
