DREAM ABOUT ME

Lyrics by Cissi Efraimsson

Music by Those Dancing Days

You say I don't need you  
Maybe you're right  
Things just look so much better  
When you're around  
You think I won't reach to  
Your kiss, your eyes  
Distance gets defeated  
As we lay down  
I used to believe in faith  
You've made me believe in fairytales

Dream about me, I'll dream about you  
Dream about us, til we meet again  
Dream about me, I'll dream about you'  
I wanna see us in a happy end

You say that you're lonely  
Well so am I  
So let us fall asleep  
And meet up tonight  
I used to believe in faith  
You've made me believe in fairytales

Two worlds in our hands  
If you believe I can pretend  
Now is every night and day  
When tide is over I'll still be yours  
We can't let surroundings grow bigger than us  
I do need you to stay mine  
We can't let surroundings grow bigger than us  
I do need you to stay mine
