

Help Me Close My Eyes

Those Dancing Days

Help me close my eyes
I don't want to see
What this day was like
Help me close my eyes
I want to sleep without dreaming
Cause I need them to be true

I want to hide but trees are falling down
I want to hide but mountains are melting
I want to hide but trees are falling down
Let me sleep without dreaming

Help me close my eyes
I'm scared to see
What my dreams will be like
Help me close my eyes

I want to sleep without dreaming
Cause I'm scared to see them

I breathe with a hand on my mouth
I refuse to get poisoned
And I swallow my shout

I want to hide but trees are falling down
I want to hide but mountains are melting
I want to hide but
Every cliff is getting eaten by the sea

I want to sleep without dreaming
I want to hide, I want to hide
I want to hide, Help me close my eyes
