

## Kids

### Those Dancing Days

Could we still be kids, children you thought all of  
They don't act, they don't smell, they won't be safe anymore  
Like my dear nighty, expressed her feelings, but don't for me  
I won't miss it, i won't speak, i won't be safe anymore

Could we still be kids, children you thought all of  
They don't act, they don't smell, they won't be safe anymore

The safety boat is taken, do not return home  
The battle is over, its time to escape

Though i don't believe in accidents, awkward things might happen  
Beware of knights in mountain  
False jackets, they will let you down (5x)

The safety boat is taken, do not return home.  
The battle is over, its time to escape (4x)
