

Doggone

Those Poor Bastards

That girl was evil, girl was mean
She took my bones and picked 'em clean

Doggone
She's gone
But it sure was nice having somebody around

She shot me once, stabbed me twice
Made me afraid to sleep at night

Doggone
She's gone
Evil as a devil, but lord I miss her so

Daddy wants you back pretty girl
So, whatta I gotta do?
To get you back with me?
To get you back with me?

Lawdy, lawdy, I feel blue
I'm just gonna wait for you
Then I'm gonna cut your soul in two
