

## The Bright Side

### Those Poor Bastards

Things are bound to get better  
Some day you'll be happy  
You're gonna find true love  
And start up a family

Bullshit! Fuckin' bullshit!  
Nothin' aint never gonna get no better, no how

You gotta look on the bright side  
Take a walk in the sunshine  
The lord is on your side  
And people are good

If it's gonna rain, why don't it fuckin' rain  
And if you're gonna leave me, darlin', go and leave

I'm tired of livin' on nothin'  
I'm tired of longin' for somethin'  
Dead dogs in trash cans  
Man, that's all I can find

You gotta look on the bright side  
You gotta look on the bright side, baby  
You gotta look on the bright side  
Cause people are good  
BULLSHIT
