# The Bright Side

**Those Poor Bastards**

Things are bound to get better
Some day you'll be happy
You're gonna find true love
And start up a family

Bullshit! Fuckin' bullshit!
Nothin' aint never gonna get no better, no how

You gotta look on the bright side
Take a walk in the sunshine
The lord is on your side
And people are good

If it's gonna rain, why don't it fuckin' rain
And if you're gonna leave me, darlin', go and leave

I'm tired of livin' on nothin'
I'm tired of longin' for somethin'
Dead dogs in trash cans
Man, that's all I can find

You gotta look on the bright side
You gotta look on the bright side, baby
You gotta look on the bright side
Cause people are good
BULLSHIT
