

We Are Not The Victims

Those Who Fear

So go ahead and remind me where I have been
Back when I had nothing to live for
Nothing to die for
Cut losing
Then I think of all my sins
I would be lying if I said I didn't think of them
Please remind me who I am
I'm not the victim
With everything I've done
And everything I've learned
And everything I was
I won't let nothing ever stand in my way
Nothing has control of me
We're not the victims
With everything we've done
And everything we've learned
And everything we've prayed for
Nothing has control of me
Then I think of all my sins
I would be lying if I said I didn't think of them
Please remind me who I am
I'm not the victim
With everything I've done
And everything I've learned
And everything I was
I won't let nothing ever stand in my way
Nothing has control of me
We're not the victims
With everything we've done
And everything we've learned
And everything we've prayed for
Nothing has control of me
