

Eosforos Rex Infernus

Thou Art Lord

Exiled archangel of revenge
dethroned emperor of the universe
the lord of the deepest abyss
penetrator of the wicked souls
along the streams of acheron
place of perpetual punishment
thou dwell and rule
the spirits of the pagan powers
thou urge a restless aspiration
under your sight
the legion is assembling
as we breed faith and fear
we have drunk of your spirit
as the shadow of impure crown
awaits for the shapeless immortal
dominating the darkest pits
resting in the lair of fire...
