

Can't Stop This

Thousand Foot Krutch

This is war
I spot an eye maybe ten minus what I have to do
Grass is high where we roar
Sometimes a rebel doesn't make an outlaw

I can see 'em in the distance
Cause anything can happen in an instant
But now we know why we're here
Nobody's safe, get out the clear

Shouldn't have done it
Now there's blood in the water
You can't stop this thing we've started
Word of mouth, there's a snake in the garden
You can't stop this thing we've started

Come get it
Forget it
Even if you want it
You can't stop this thing we've started
Bring it on
Like a bomb
And even if you want it
You can't stop this thing we've started

(Yeah, ha-ha)

This is war
When it rains it pours
So get ready for the encore
Tension's high and the blast's off
Shake up the ball room
Take all the masks' off
Cataclysmic, Down to business
There's a fake here
No time for hatricks

Cause' now we know why we're here
Nobody's safe, get out the clear
Shouldn't have done
Now there's blood in the water
You can't stop this thing we've started
Word of mouth's there's a snake in the garden
You can't stop this thing we've started

Come get it
Forget it
Even if you want it
You can't stop this thing we've started
Bring it on
Like a bomb
Even if you want it
You can't stop this thing we've started

(Yeah)

You can't knock it
You can't rock it

You can't stop this thing we've started
You can't stop it
Just get off it
You can't stop this thing we've started
You can't knock it
You can't rock it
You can't stop this thing we've started
You can't stop it
Just get off it
You can't stop this thing we've started
You can't knock it
You can't rock it
You can't stop this thing we've started
You can't stop it
Just get off it
You can't stop this thing we've started

(Go)
Come get it
Forget it
Even if you want it
You can't stop this thing we've started
Bring it on
Like a bomb
Even if you want it
You can't stop this thing we've started
