

## Falls Apart

Thousand Foot Krutch

It falls, apart  
From the very start, It falls apart  
Falls apart  
Everything around me, falls apart

It falls apart  
From the very start, It falls apart  
Seems like everything I touch  
Falls, apart  
Everything around me, falls apart  
When I walk away from you

I wish I could but I don't  
Always keep the promises I've kept  
I wish I could, but I can't  
Always give, whatever I have left  
And now it's all so clear  
Doesn't anyone see whats happening here?

It falls apart  
From the very start, It falls apart  
Seems like everything I touch  
Falls, apart  
Everything around me, falls apart  
When I walk away from you  
When I walk away from you

I know I should but I don't  
Always say, what you want me to say  
I know I could but I don't  
Always act, like everything's ok  
And now it's all so clear  
Doesn't anyone see whats happening here?

It falls apart  
From the very start, It falls apart  
Seems like everything I touch  
Falls, apart  
Everything around me, falls apart  
When I walk away from you  
When I walk away from you  
When I walk away from

Everything I have ever been made of hates who I am  
I'm so glad you waited, can't get my mind  
Off how you could love me, I'm so behind  
You're so far above me

And you'll always be  
The wind under my wings, above me  
And you'll always be  
The wind under my wings, above me

I will not let it go to waste  
I'm takin all  
I got, and leavin' this place  
And I will not let it go to waste

I'm takin all  
I got, and leavin' this place, man  
I will not be takin' up space  
I'll take my best shot  
I'm pickin up the pace and

It falls apart  
From the very start, It falls apart  
Seems like everything I touch  
Falls, apart  
Everything around me, falls apart  
When I walk away from you

It falls apart  
From the very start, It falls apart  
Seems like everything I touch  
Falls, apart  
Everything around me, falls apart  
When I walk away from you  
When I walk away from you  
When I walk away from you
