

Falls Apart

Thousand Foot Krutch

It falls, apart
From the very start, It falls apart
Falls apart
Everything around me, falls apart

It falls apart
From the very start, It falls apart
Seems like everything I touch
Falls, apart
Everything around me, falls apart
When I walk away from you

I wish I could but I don't
Always keep the promises I've kept
I wish I could, but I can't
Always give, whatever I have left
And now it's all so clear
Doesn't anyone see whats happening here?

It falls apart
From the very start, It falls apart
Seems like everything I touch
Falls, apart
Everything around me, falls apart
When I walk away from you
When I walk away from you

I know I should but I don't
Always say, what you want me to say
I know I could but I don't
Always act, like everything's ok
And now it's all so clear
Doesn't anyone see whats happening here?

It falls apart
From the very start, It falls apart
Seems like everything I touch
Falls, apart
Everything around me, falls apart
When I walk away from you
When I walk away from you
When I walk away from

Everything I have ever been made of hates who I am
I'm so glad you waited, can't get my mind
Off how you could love me, I'm so behind
You're so far above me

And you'll always be
The wind under my wings, above me
And you'll always be
The wind under my wings, above me

I will not let it go to waste
I'm takin all
I got, and leavin' this place
And I will not let it go to waste

I'm takin all
I got, and leavin' this place, man
I will not be takin' up space
I'll take my best shot
I'm pickin up the pace and

It falls apart
From the very start, It falls apart
Seems like everything I touch
Falls, apart
Everything around me, falls apart
When I walk away from you

It falls apart
From the very start, It falls apart
Seems like everything I touch
Falls, apart
Everything around me, falls apart
When I walk away from you
When I walk away from you
When I walk away from you
